# Excerpts from the Vice Chancellor's New Year's address

# Remember, so that we get better..

- Remember who we were, what we have endured, what we have achieved...
  1. number of faculty staff was once very low
  2. volume of grants, no. of publications
  3. our lab equipment status was poorly maintained, and much less than now
  4. and many others..

## Cardiopulmonary Exercise Testing - CPET

We must never forget, we have made major strides
